LESSON-13. HOUSES

Prepared on : 16/1/2025

Started notes in class on : 1 /2 /2025

Pre-activity: Draw a picture of your house. And write what materials are used in building a house.

New words:

- | | |
|-----------------------|-----------------|
| 1) ceremony | 2) movable |
| 3) campers | 4) temporary |
| 5) houseboat | 6) caravan |
| 7) igloo | 8) stilt house |
| 9) multi-storey house | 10) ventilation |
| 11) gorge | 12) cliff |

Q1) Fill in the blanks.

- A tent house is made up of cloth.
- Wooden houses are made in hilly areas.
- A caravan is a mobile house on wheels.
- The people who live in an igloo are called Inutis.

Q2) Answer in one word.

- Give another name for a house on wheels.

Ans: Caravan

- Name any two places where tents can be used as shelter.

Ans: 1) Mountains 2) Desert

- Which part of the house is suitable for playing football.

Ans: Lawn.

Q3) Give reason.

a) Why are slanting roofs important for stilt houses?

Ans: Slanting roofs are important for stilt houses because these roofs do not allow water to get collected on them.

b) Why do you think wooden houses are made in hilly areas?

Ans: Wooden houses are made in hilly areas because the wood is easily available there. It also helps in keeping houses warm in cold.

Post- activity-

Use any building materials like blocks, LEGO or clay and create a 3D model of a house.
