SECTION –A (Comprehension)

Q.I. Read the following passage and answer the questions given below:

Once upon a time, in a sunny garden, there lived a busy little ant named Annie. Annie was not like the other ants; she loved to explore! Every day, she would leave her anthill and search for food and new places to visit. One day, while wandering near a big flower, Annie found a delicious crumb of bread. “Yummy!” she exclaimed. She quickly picked it up and started to carry it back home. On her way, she met her friend Benny the Beetle. “Where are you going, Annie?” asked Benny. “I found some food! Would you like to help me carry it?” Annie replied. Benny smiled and said, “Of course! Let’s work together!”

Together, they carried the crumb back to the anthill. When they arrived, all the other ants cheered for Annie and Benny. “Hooray for teamwork!” they shouted.

From that day on, Annie and Benny became the best of friends and always helped each other in their adventures.

Questions

1. What is the name of the busy little ant?
 - a) Benny
 - b) Annie
 - c) Charlie
2. What did Annie find near the big flower?
 - a) A leaf
 - b) A crumb of bread

 - b) They carried the crumb back to the anthill.

c) They went to sleep.

5. What did the other ants cheer for?

a) Annie's singing

b) Benny's flying

c) Teamwork

Q. II. Read the following passage and answer the questions given below:

Bees are insects. Bees are special insects because they can fly! They can move through the air like an airplane! Bees can fly because they have wings. They use their wings to fly. Bees can fly fast. Bees can also fly slow. They can fly up and they can fly down. They need to fly to get to the flowers! Bees can have three colors. They can be yellow, red, and orange. All bees are black in some places. Bees have three main parts. They have a head. They have a body. And, they have a stinger. The stinger is used to defend against enemies. They also have six legs. They use their legs to stand and climb. They also use their legs to eat and collect pollen. Bees live in many places. They live in Africa, Australia, Asia, Europe, North America, South America. The only continent that bees do not live on is Antarctica! I understand why they don't live in Antarctica. It's too cold! Most of the time, bees are nice to humans. If you do not bother them, they will not bother you. Have fun watching the bees this summer!

Questions

1) What are bees?

a. Mammals b. Birds c. Reptiles d. Insects

2) How do bees fly?

a. They use their legs. b. They use their head.
