

**Q.I. Read the following passage and answer the questions given below:**

Karl Benz invented the modern car in 1888 in Germany. Emile Roger worked for Benz in France. He made cars in France. By 1900, many people were building cars in France and in the U.S. The first company to build only cars was Panhard at Levassor in France. Panhard started in 1889. The Peugeot car company started in 1891 in France. In the US, Frank and Charles Duryea started the Duryea Motor Wagon Company in 1893. It was the first US car company. By 1902, Ransom E. Olds started the Olds Motor Vehicle Company. A year later, Henry Ford started the Ford Motor company. It produced the Cadillac. All these early modern cars burned gasoline or diesel fuel. Ford opened factories in France and Britain in 1911. Then, they opened a factory in Denmark in 1923. Later, they opened a factory in Germany in 1925. Ford was one of the first manufacturers to use an assembly line. With an assembly line, factory workers could produce cars faster and safer than other production systems. Most modern cars still burn gasoline or diesel fuel. These cars cause air pollution. They get the air dirty. Now many people are looking for cleaner cars. And, many car companies are looking for cleaner fuels.

**Q.II. Read the following passage and answer the questions given below:**

My pet dog's name is Buddy. He is a cute, furry and friendly dog. Buddy is brown, and has white spots on his paws and a wagging tail. He's not too big, and he's not too small. Every day, when I come home from school, Buddy greets me with a wagging tail and lots of licks. He's always excited to see me. We play fetch in the backyard, and he loves to run after the ball. Buddy is my best friend. Whenever I am sad, he supports me and makes me laugh with his funny antics. We go on walks together, and he barks at squirrels and birds. He even sleeps under my bed to keep me safe at night. I love my pet dog Buddy very much. He is part of our family and we take good care of him.
