E. Answer the following

1. What do you understand by means of transport?

Ans. Vehicles that we use to move from one place to another are known as the means of transport.

2. What are the three means of transport?

Ans. Three means of transport are – Land transport, water transport and air transport.

3. What do you mean by mass communication?

Ans. Mass communication means communicating with various people at once. Newspaper, radio and television are means of mass communication.

4. Name few means of personal communication?

Ans. Means of personal communication are letter, telephone, mobile phone, laptops, computers, emails and tablets.

5. How do letters reach us?

Ans. A letter is dropped at a letterbox from where it is picked by the postman and taken to the post office. At the post office, all letters are sorted and packed in different mail bags based on the destination city / locality. It is then delivered by the postman of that area to the recipient's address. Nowadays, people use speed post or courier to send urgent letters as they reach faster than the normal post.

F. POST ACTIVITY

Write a letter to your grandparents or relatives.
