

WORKSHEET 6

(PT 1 – TERM 1)

GRADE 3

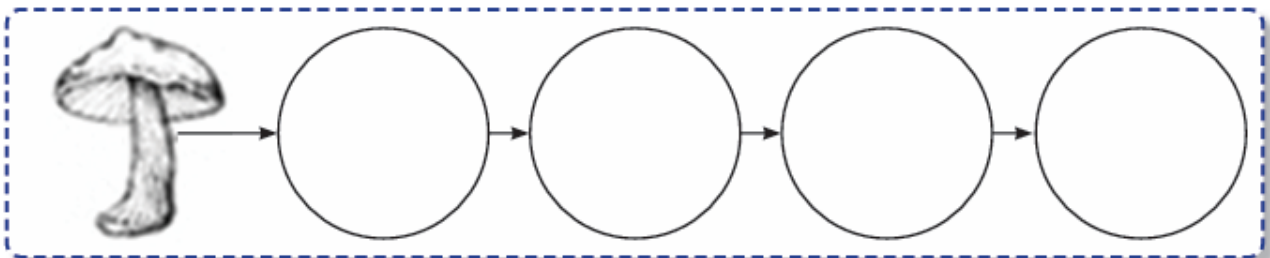

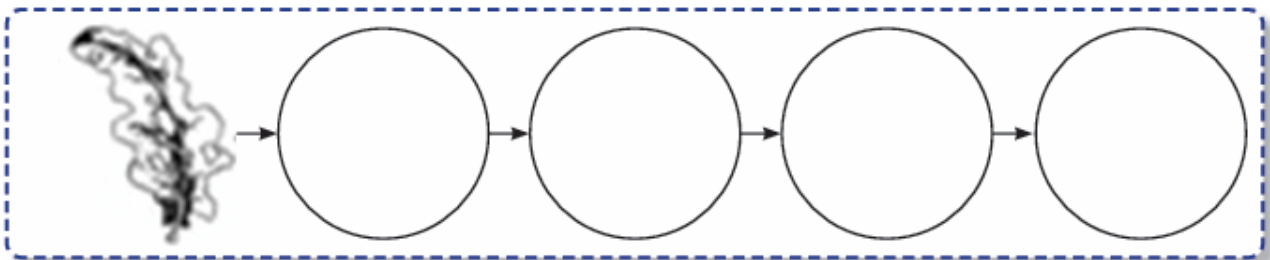

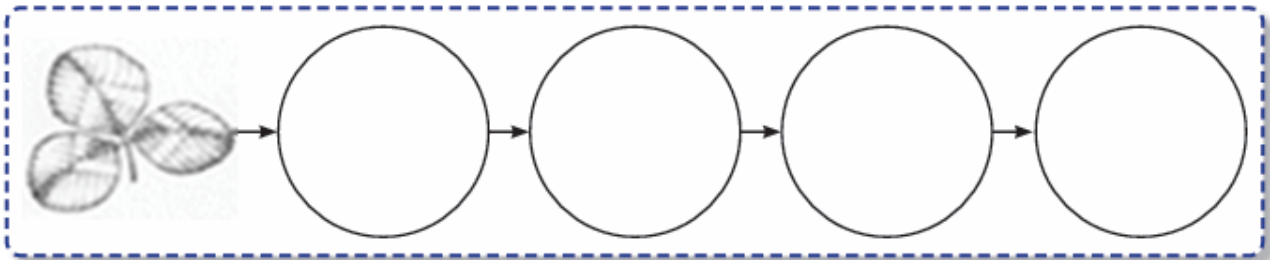

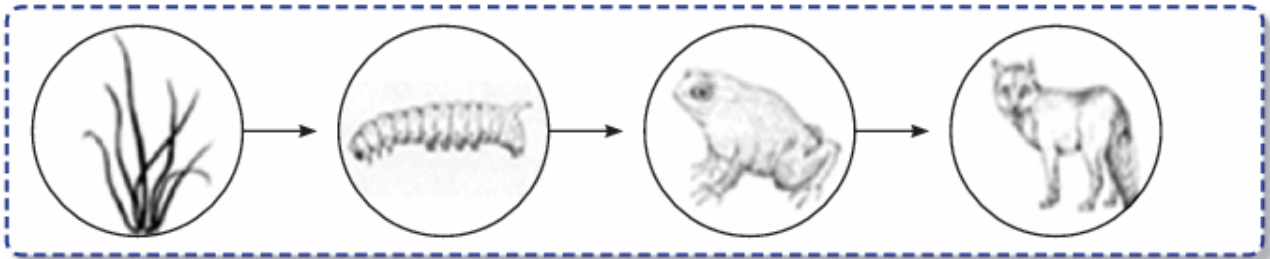

Date: _____

Prepared by: Shreya B

Subject : Science

Lesson 6. Eating habits of animals.

I. Plants, even the tiniest ones, are the start of all food chains. Look at the example of a food chain given below. Draw or write the animals in the circles to make your own.

II. Solve the animal riddles given below.

1. I do not have legs. I have fins. I live in water and cannot exist without it. Who am I?
2. I have two legs. I lay eggs. I can't fly very well. You can eat me. I wake up early in the morning. Who am I?

3. I have four legs. I live in a stable. I run very fast. In ancient days, soldiers used to ride on me. Who am I?
4. I am a wild animal who lives in the jungle. I am known as the king of the jungle. Who am I?
5. I am the black flying thirsty animal who put stones in the pot to raise the level of water from a famous folktale. Who am I?
6. I am one of the most dangerous birds. I am very good at flying at heights. My name begins with letter 'V'. Who am I?
7. I am a four-legged animal who loves rolling in mud and dirt. Who am I?
8. I am a four-legged animal that provides you with milk. I eat grass. Who am I?

Put the animals from the riddles in the correct columns.

Animals that Eat Only Plants	Animals that Eat Only Animals	Animals that Eat Both Plants and Animals	Animals that Eat Dead Animals
Write the name of two more animals for each of the above category.
