SUBJECT: English

LESSON 3- Gul in Space

Pre-Activity-

Write the names of the all the planets and write specification of any one of them.

A. Keywords and Word meanings-

1. rocket- a space vehicle that is shaped like a long tube.
2. glee- happiness
3. Fired up- ready to go up
4. Space station- a moving place in outer space where astronauts can live and work
5. crumbs- small piece of land
6. Icky- unpleasantly sticky
7. spacewalk- to float in space while outside but attached to a space craft.

B. Reference to Context:

1. I wake up in the morning

And look at what I see!

- a) Who wakes up in the morning?

Ans. The narrator of the poem, Gul, wakes up in the morning.

- b) What does the person see?

Ans. She sees a rocket that is fired up to take her to space.

- c) Where does the person go and with whom?

Ans. She goes to outer space with her cat.

2. They bump around and float across,

The crumbs and icky juice.

- a) What bumps around and float across?

Ans. The samosas and jalebis that Gul had brought with her bump around and float across.

- b) Where is this happening?

Ans. This is happening inside Gul's new home in space, the space station.

- c) What happens to the speaker because of the crumbs and icky juice?

Ans. Gul's hair becomes sticky and her clothes become messy because of the crumbs and icky juice. Her cat tries to help her by licking her clean.

C. Value based question-

- 1) How do you think life in a space station is different from life on Earth? Give examples from the poem.

Ans. Life on a space station is different from life on Earth in the following ways:

- a. There is no gravity and everything floats, as Highlighted by lines like 'My bag turns upside down', 'They bump and float around'.

Post activity-

Write the words that indicate that Gul was excited about her journey to the space.
