Ans- No, I don't think him as a real grouch. As he lost his family members suddenly, so he became lonely, that's why his behaviour changed. If he really was a grouch, he would not have accepted Heidi and loved her.

2. When does Franz start caring for Heidi? Give reasons for your answer.

Ans- Heidi got scared after seeing the bright colour sky and thought everything was burning. She ran to him and clutched him. This moved Franz and he started caring for her.
