LESSON- 7. PLANTS AROUND US

Prepared on : 14/07/2024

Started notes in class on : 16/ 11 /2024

Pre activity: Draw the different parts of plants and label it.

New Words:

- | | |
|----------------|---------------|
| 1) germination | 2) suitable |
| 3) condition | 4) absorb |
| 5) survive | 6) coastal |
| 7) region | 8) habitat |
| 9) float | 10) evergreen |
| 11) serve | 12) poisonous |

	Land plant	Mountain plant	Desert plant
One feature	Land plants have coloured flowers.	Leaves are narrow and needle-shaped	Desert plants have spines instead of leaves
One example	Rose, Mango	Pine, fir	Cacti, acacia

Q1) Fill in the blanks.

- Banana leaves are used for serving food. (Banana/Coconut)
- Plants give us dried fruits like almonds. (almonds/oats)
- Plants provide us with materials like cotton. (cotton/wool)
- Jute is used to make gunny bags. (Jute/Rubber)
- Tulsi helps in relieving pain. (Tulsi/Potato)
- Bamboo is used to make houses. (Bamboo/Rubber)

Q2) Give two examples of each:

- Medicinal plants: 1) Tulsi 2) Neem
- Spices: 1) Cumin 2) Cloves

c) Oils: 1) Mustard oil 2) Coconut oil

d) Food from plants: 1) Wheat 2) Barley

Q3) Answer the following questions.

a) What do we get from plants that we use to make clothes and bags?

Ans: We get fibres like cotton and jute from plants that we use to make clothes and bags.

b) What do we get from plants that we use to make tyres and tubes?

Ans: We get rubber from plants that we use to make tyres and tubes.

c) Name any two plants we use for decoration at home.

Ans: We use Ashoka and mango leaves and marigold flowers for decoration at home.

Q4) Long answer questions.

a) Discuss the different uses of plants.

Ans: Plants have a major role in human life. We get everything from plants including from food to clothes and houses. Some basic uses of plants are food, spices, shelter, clothes, medicines, furniture, paper and rubber etc.

b) Why do the roots grow first during germination?

Ans: The roots grow first to enhance the water uptake as roots help plants to absorb water and nutrients from the soil.

Post Activity:

Draw the stages of germination of plant and label it.
