SUBJECT: MATH

Prepared By: SHERIL JAMES

LESSON-9

Q.1)Solve.

1) Read the clocks, and write the times in both 12-hour and 24-hour formats.

2) Look at the clocks and write the starting and the ending times. Also, find the duration between them.

Starting time		Ending time	
	—		—

3)Convert the following as stated.

5 hours into seconds

4) Fill in the blanks with the time.

1) 5 hours is equal to _____

2) Subtract 5 hours 45 minutes from 7 hours 30 minutes. _____

Q2) Word problems.

- Maria's meeting started at 10:45 a.m. and ended at 3:25 p.m. How long did the meeting last for?
- Evaluate the sum of 2 hours 20 minutes and 5 hours 50 minutes.
- Binoy studied in the college from September 2016 to May 2020. Find the number of years and months he studied there.
